Art Institute, Summer Reading Program and WWCA Elections Headline May WWCA Meeting

For the first time in decades, the Art Institute will be able to guide visitors through its extensive holdings of Modern and Contemporary art in contiguous spaces, thanks to its opening of a new wing this month. Mark Pascale, WWCA resident, and a Curator in the Department of Prints and Drawings at the museum will give an overview of the Modern Wing at the May meeting.

Summer is just around the corner so that means so is the Chicago Public Library Summer Reading Program! It's a great chance to help children keep up their reading skills while school is out, and learn the enjoyment of good books. Margaret Dunne from the Independence Park Library will also be joining us to talk about this year's program.

Lastly, officer elections for the 2009-2010 year will be held. Please join us for the WWCA General meeting on May 19th at 7:30 in the Latvian Community Center, we look forward to seeing you!

Officers Nominated for 2009-2010

At the May 19th general meeting, the Nominating Committee will present a slate of officer candidates to serve during the 2009-2010 term. Nominations for the following officer positions are:

President: Mike Webber
Secretary: Carol Barry

Vice President: No Nomination

Candidates may also be nominated from the floor at the May meeting. At that meeting, the membership will elect officers to serve a one-year term beginning in September.

Dear Neighbor:

On May 16, 2009, The Art Institute of Chicago opens its new addition, the Modern Wing, the most ambitious building project in its 130-year history. The evolution of this building stretches back ten years when former Director James N. Wood invited architect Renzo Piano to imagine a building to house collections of 20th and 21st century art, and to provide a link to the Southeast Asian collections that were displayed on the ground floor of McKinlock Court.

Fund raising for this building was hampered by the sad events of September 11, 2001, which also coincided with the Art Institute's staging of one of its most challenging and beautiful exhibitions of the decade, Van Gogh and Gauguin: The Studio of the South. Given the very real economic challenges faced by the museum—a continuing condition—it took much longer than anticipated to secure enough financial support to move ahead with the building, which encompasses 264,000 square feet of space, increasing the size of the Art Institute by a third. Led by current Director Jim Cuno, and endowed by many dedicated Chicagoans who are as devoted to advancing our city's cultural heritage as those who founded the institution, the building will house the chronological collections of Modern European painting and sculpture, Contemporary Art, Architecture and Design, with special exhibition spaces for Photography, Film and Video, and a roof-top sculpture court. As well, the majority of the first floor features an extensive footprint of classrooms for Museum Education, as well as a convenient drop-off driveway for school groups—a mainstay of the museum's audience.

As your neighbor, and a Curator in the Department of Prints and Drawings at the museum, I look forward to the opportunity to give the residents in West Walker an overview of the Modern Wing at the May meeting. Hope to see you there!

The Value of Home Grown Fruits and Vegetables

How great it is to be finally able to work outside in the garden! So far, I seem to be having a wonderful year for dandelions. I'll have to get mulching...

Meanwhile, my fruit trees have been flowering, and I just got some veggies planted.

Maybe you live in an apartment or condo, or a rental house, or just don't have the time to manage a vegetable garden of your own. Don't despair! You can always come and volunteer at the Three Brothers Garden, on Belle Plaine and Pulaski .

A group of neighborhood volunteers started working on leveling the lot, and removing stones and rubble, and building raised beds, on April 25th, and the beds are planned to go in on May 9th. So, by the time you read this, we should be ready for seed planting. Please drop by and come help!

Our current methods of large-scale food production are heavily dependent on fossil fuel inputs, in the form of pesticides and fertilizers, as well as the fuel required to run planters, harvesters, and other large farm equipment. Food is transported in refrigerated vehicles for thousands of miles from farm to dinner plate.

We know this has an impact on our environment in so many ways – more carbon dioxide in the atmosphere, less biological diversity due to pesticides, dead zones in the ocean due to runoff from farmland. Also, we shouldn't think that gasoline price will stay at current levels – I believe we will see it start to rise again, as the economy improves and demand, once more, increases. This will have an impact, once again, on food prices.

We need to find alternatives to mass-produced fruits and vegetables. And everything you can do will help.

Enjoy Spring, and get planting!

CAPS Report

by Pam Maremont

This month's meeting was well attended. Several residents were present to voice their continuing concern with the Boehm Bar on Montrose Avenue. Patrons continue to be disruptive to the neighborhood, including parking illegally on Harding. Officers did surveillance over several nights, but did not observe any activity. The officers will continue to monitor the situation.

New issues raised included three armed robberies that occurred in the blocks between Irving Park and Cullom and St. Louis and Kimball. Two males with bandanas tied around their face wait at the end of the alley—usually in the early morning (5:30 a.m.) or late at night (10:30 p.m.) looking for people coming home from work. Officers encouraged residents to be alert and call 911 if they see anything suspicious. There has also been some increased drug activity in the 4000 block of Central Park, officers suspect the activity is gang related and promised to step up patrols in that area.

Statistics by type of crime in the West Walker neighborhood (March 18 – April 15, 2009):

LHCS Collecting Food for People & Pets

Little Helpers Community Services (LHCS) will be collecting food and other items during the West Walker Community Garage Sale on Saturday May 16th; between the hours of 9:00 a.m. and 3:00 p.m. Little Helpers Community Services is located at 4201 N. Elston Avenue in Chicago. LHCS will turn over all non-perishable human food or personal care items to the Irving Park Community Food Pantry.

Mindful that pets are also victims of this difficult economy, LHCS is collecting donations of unopened dog and cat food, treats, toys and litter. These items will be provided to pet care organizations that offer support and assistance to pet parents who are experiencing economic hardship, loss of employment or income, foreclosure and similar situations. The goal of this drive is to help keep pets with their families and thus reduce the number of abandoned, homeless or sheltered pets.

Little Helpers Community Services is a not-for-profit community organization focused on helping people and pets and improving our environment. For further information, please call 773-539-9410 or visit the LHCS website at www.lhcservices.org.

39th Ward Report

Is your teenager looking for a summer job? Mayor Daley's **Youth Ready Chicago** program connects young people, ages 14 - 24, with paid internships, apprenticeships and jobs within Chicago's public and private business sectors. Each opportunity offers youth hands-on experience and an opportunity to gain marketable skills, supporting a successful transition from school into the workforce. To be considered, apply online at the program's website, www.youthreadychicago.org.

In City Council news, the **TIF Sunshine Ordinance** passed my Committee and the full City Council on April 22. This ordinance requires that the city's Department of Community Development post information about each of the city's TIFs on their website by July 30, 2009. Although media accounts would lead people to think this was a controversial measure, passage of this ordinance was never in doubt. Most of this information is currently available online, but not in an easily accessible format. Staff from the Department of Community Development worked diligently to develop a prototype for the site. Many thanks to them, as well as my Committee staff and the staff from the Committee on Finance, for their hard work and dedication to allow us to move this ordinance forward.

As this information about TIFs becomes available in an electronic format, I will add a TIF section on my website, www.AldermanLaurino.com. Since the **Irving Park/Elston TIF** in the West Walker community will be one of the newest TIFs in the city, information from this TIF should be available shortly after it passes the entire City Council.

Mark your calendars! On Monday, June 22, the City Clerk's office will be selling City Vehicle Stickers and Residential Zone Parking Stickers at my public service office (4404 W. Lawrence) from 10:00 a.m. to 6:00 p.m.

Please feel free to contact my 39th Ward Office at 773-736-5594 or Ward39@cityofchicago.org with any questions or concerns.

Sincerely, Margaret Laurino, Alderman, 39th Ward
