# Dear Neighbor,

TIME TO SHAKE OFF WINTER. Punxsutawney Phil did. Back on February 2. Shadow or not, Phil was roused from a long winter's nap and just can't go back to sleep. A groundhog doesn't have a lot of options for nightlife. Or day life, for that matter. Just like the groundhog, the passing of the dead of winter is time for us to get out of the burrow and start the new year, because before you know it, spring will be here and we will all be too busy cleaning and pruning and planting to even say "Hi" to the neighbors.

Unlike other burrowing mammals, we have a lot of opportunities to get out and meet the neighbors, even before it is nice enough to walk around the neighborhood. In fact, West Walker has an event coming up this month that is the perfect opportunity to relax and catch up with friends and neighbors, new and old. On Saturday, February 27 the West Walker Winter Social will be held at Chief O'Neill's from 7 to 10 p.m. This is our fourth year of this event, and it gets better every year. It's guaranteed fun, food, prizes, and, for some reason, lots of snow.

Please come if you can. All the information is here in the *Wire*. This is a great opportunity to get out and spend time with people in the neighborhood. Bring along a friend who's on the fence, too.

So come on out. Stay late if you want. Chief O'Neill won't mind. Even though we've always had snow, I'm hoping for a clear night. There's a full moon on the 28th, and when I step outside after midnight, it will be high in the sky. I wonder if I will see my shadow?

Mike Webber  
WWCA President

## News from the Irving Park Community Food Pantry

### Holiday Distributions, A Community Success Story

The Irving Park Community Food Pantry's annual December holiday distribution on December 16 was a success, thanks to all of the donations of money, food, and volunteers from the community. The Pantry provided all of the ingredients for a full holiday meal to 371 households representing more than 1,300 people. In addition, 353 children received Christmas presents of games, books, dolls, toys, and other fun gifts.

Seventy-six volunteers helped set up and distribute food and toys. Special thanks to the Toys for Kids Committee—Barb Cohn, Vicci Rodgers, and Molly Melick—who organized and publicized the event and collected toys. Eight volunteers from Allstate assisted in the toy room.

Thanks also go to Jewel Food Stores at Six Corners. In addition to the usual food donations, the store provided 20 full holiday meals for clients.

A television crew from WTTW's *Chicago Tonight* spent that morning at the Pantry filming for a story on the Express Stamps Program.

Many organizations held food drives for the Pantry during the holiday season. Thanks go to: Carter Westminster Church, Chicago International Charter Schools-Irving Park Branch, Discover Card, Community Savings Bank, Disney II Magnet School, Grover Cleveland Elementary School, Irving Park Lutheran Church, Kid Watch, Lane Tech High School, Mather High School, Mt. Olive Community Canvas, Our Lady of Resurrection Medical Center, St. Patrick's High School, St. Viator's Elementary School, Terraces of Old Irving Park, and UNITE Civic Organization.

Thanks to the Old Irving Park Association, the 19th Police District, and Lane Tech for collecting toys and books, and to Disney II Magnet School for their Winter Accessories Drive Contest. Mrs. Maria Schnauffer's first-grade class won.

The Pantry is grateful to Pastor Vickie Hadaway, her staff, parishioners, and volunteers of Irving Park Methodist for their help in making the holiday distributions a success.

### Other News

**January Coat Drive:** The Pantry distributed 225 coats and hundreds of gloves, hats, and scarves in the first two weeks of January. Special thanks to Carter Westminster Church in Skokie for their coat collections.

*Children celebrate the holidays at the Irving Park Community Food Pantry. Barb Cohn, Vicci Rodgers, and Nora Byrne (left) help out in the Pantry's Christmas Toy Room.*

**Statistics:** Totals for 2009 show that the need for the pantry in our community—serving only those in ZIP codes 60614 and part of 60618—continues to grow. The Pantry is serving 42 percent more clients than in 2007. We couldn't continue to help this growing number of people without so much support from the West Walker community!

### Volunteers Needed

The Pantry has a great need for bilingual volunteers (Spanish and Polish). The Pantry is also planning an event to commemorate its 25th year. If you have event-planning experience you'd like to share, please contact Kate Roche at [kate.roche@sbcglobal.net](mailto:kate.roche@sbcglobal.net).

### Upcoming Events

For the 12th year, the Feinstein Foundation Challenge will divide \$1 million among anti-hunger agencies nationwide. Your contributions to the Pantry between March 1 and April 30 will increase the amount that Feinstein donates. You can send checks to the Irving Park Community Food Pantry, 3801 N. Keeler Ave., Chicago, IL, 60641, or use our secure website at [www.irvingparkfoodpantry.com](http://www.irvingparkfoodpantry.com).

The Pantry and its volunteers are gearing up for the 25th Annual Hunger Walk on June 26. Volunteers will be soliciting pledges for the walk. Last year, more than 5,000 people walked the 2.5 miles at Montrose Harbor. The program benefits all of the member agencies of the Greater Chicago Food Depository.

# CAPS Report

by Pam Austin

REPRESENTATIVES FROM the city Section 8 Housing Department gave a brief presentation and answered questions from the community about the program. The following are facts about Section 8:

- The Housing Choice Voucher System (Section 8) is 100 percent federally funded by Housing and Urban Development (HUD)
- A rent subsidy is paid to landlords of Section 8 participants based on their income. Participants also pay a portion of the rent.
- Each Section property is inspected once a year and prior to a new family moving in
- Investigations of tenants and properties are done when a complaint is made, especially if the tenants are not maintaining the standards of the community or a crime has been committed on the property.
- There are 35,000 households that benefit from Section 8 in Chicago, and 17,000 landlords participate in the program.
- There is not a concentration of Section 8 housing in any one particular part of the city, and families are encouraged to consider a wide variety of neighborhoods.

All of the old business addressed at the meeting was outside the West Walker area. The only issue brought up in our neighborhood was related to the restaurant/bar Boem on Montrose and Harding. Many neighbors have complained about patrons parking on their street and causing a disturbance when they leave late at night, often waking up residents in the immediate area. The owners were present and assured people that they had increased

their security to address the neighborhood complaints. Officers suggested that the owners give out a phone number for residents to call when they have complaints, especially late at night.

**The next CAPS meeting, Wednesday, March 24 at 7 p.m. at Salvation Army Headquarters (5020 N. Pulaski), will be a Town Hall meeting with the commander and will be a state-of-the-district report for all nine beats in the 17th District.**

## Update from Springfield

ON JANUARY 12, I returned to Springfield ready to get to work. The budget, tax relief for property owners, jobs, health care, and improved opportunities for young people are top priorities for me this session. I am also working to reinstate the 7% Expanded Homeowners Exemption legislation, and I am looking into ways to further protect young people from sex offenders.

I hope you will attend my community advisory meetings in April. These meetings are a great chance to share your point of view on pressing issues in the neighborhood. Also, applications for the 2010 General Assembly scholarship are available on my website at <http://debmell.org>. [See page 9 for more details.] Please help me spread the word—this is an excellent opportunity for students.

As always, I look forward to hearing from you.

## The Benefits of Greenscaping

EVERYONE LIKES to have a nice yard to hang out in when the warm weather is here. Although I'm trying to reduce the amount of lawn I have in order to make room for edible or beneficial plants and herbs, most folks like to have at least a small piece of lawn.

We may still have snow on the ground, but I'm already working on my spring yard projects. By taking care of

lawns and gardens properly, we can save money, time, and also help the environment.

Greenscaping is a method of landscaping that can

improve the health and appearance of your lawn and garden while protecting and preserving natural resources.

- You can save money by reducing water and chemical needs.
- You can save time by using plants that require less care.
- You can reduce yard waste by converting it into mulch or compost.

In nature, soil breaks down dead plant material into nutrients, which then can be used to feed new plant growth and also benefit many vital soil organisms. At the same time, some plants are naturally adapted to a particular area, which means they need less watering, less maintenance, less fertilizer, and are generally healthier.

Finding a home for a wide variety of healthy plants, healthy soil, and beneficial insects can keep gardens pest- and disease-free. This can be done by both homeowners and commercial property owners.

By working with nature, you can have a great-looking yard that's easier to care for, cheaper to maintain, and healthier for you, your family, your pets, and the environment.

## 2010 General Assembly Scholarship Now Available

REPRESENTATIVE Deborah L. Mell announced the opening of the application process for the 2010-2011 General Assembly Scholarship. Applications are available online and are due Friday, April 9.

“Education is the best investment young people can make in their future,” said Rep. Mell. “The General Assembly Scholarship makes higher education accessible to more people in the district, especially those in need. I invite anyone who is eligible to apply.”

Each year, Rep. Mell offers college-bound students who reside in the 40th District a one-year scholarship to an Illinois state public university. The scholarship, made possible by the Illinois State Board of Education, provides a full tuition waiver for the entire school year, including summer classes. The scholarship does not include room, board, or fees.

State law requires that all recipients of the 40th Representative District scholarship reside, and continue to reside, within the boundaries of the district for the term of the scholarship awarded. Please confirm that you live in the 40th Representative District by going to the Illinois State Board of Elections website at [www.elections.state.il.us](http://www.elections.state.il.us) or by calling the district office at 773.267.2880.

All applications are reviewed by Representative Mell's Legislative Scholarship Committee, which is made up of teachers, school board members, and community leaders. This group of volunteers makes its decision independently and makes the awards based on the following criteria:

- academic achievement;
- relative financial need;
- community service and/or extracurricular activities;
- essay on educational goals;
- demonstrated need for the scholarship.

For more information, or to download an application, please visit <http://debmell.org>.
