Save the Date! Tree Planting Starts at Murphy School Saturday, April 23

Openlands and GIPNA will be planting young native species trees in parkways in our neighborhood, rain or shine! Because of the great response of our neighbors, GIPNA has qualified for a weekend planting date, and we are expecting to plant 24 trees! We need about 30 volunteers for planting day, which is Saturday, April 23 from 9 am to 1 pm. Volunteer tasks include tabling and provide snacks, plus it will be a great chance to meet neighbors and the fun people from Openlands! To sign up, please email GIPNAtrees@gmail.com, and we will send you the link to register. Let's all support this project and welcome new trees to our neighborhood!

Dear Neighbor,

THANK YOU TO **Anne Marie O'Kelly** for 9 years of running the West Walker Blast email! Anne Marie took a small idea and crafted it into a weekly informational powerhouse for the Neighborhood. We really appreciate her volunteerism and dedication to the neighborhood. We are seeking someone to step into her position and carry on the blast. Feel free to reach out to me at webber.wwca@gmail.com with questions if you are interested in volunteering.

Lee Stein has been Wire Editor for 11 years! We have been lucky to have someone with a great skill set and eye for composition. Lee is planning to step down as Editor, and that is one more void which we need to fill. The Wire is created using desktop publishing tools, specifically Adobe InDesign. The Wire is our primary communication tool and very popular in the neighborhood. Again, please reach out to me if interested.

The Garage Sale is back after a 2-year vacation. This year the date is Saturday, May 14. Details are on the back of this edition of the Wire and will also be available on the West Walker Civic Association Facebook page and Nextdoor West Walker. Currently, we are updating some information on the West Walker website (weswalker.org) and it may not be available during those maintenance phases. However, you will be redirected to the West Walker Facebook page if the website is unavailable. Please look at the garage sale permit information on the back of this edition of the Wire. The most important point is we are requesting that participants obtain their permits from their Aldermans' offices on their own. We will still create maps of all garage sale participants who follow the registration information provided and distribute packets of maps to those listed. Please note that we can only include West Walker garage sale participants on the maps, even though anyone is welcome to join us on May 14. Again, questions can be directed to me at webber.wwca@gmail.com.

One final note. Although the risks of contracting a coronavirus have lessened, that can change. Many people are still most comfortable, in both indoor and outdoor settings, maintaining social distancing and/or masking. We hope that our street, alleys, and garages will be brimming with treasure-seekers on May 14. Please be mindful in crowds, distance when possible, and consider masking in enclosed areas when appropriate.

Let's have a great summer!

Stay Safe and Well!

How Will Inflation Impact Home Prices?

- The consumer price index (CPI) shows prices rose 7.9% over last year. Rising gas, food, materials prices... lead to higher inflation.
- Rising inflation can impact home loan rates. (Inflation may also call for a higher social security cost of living adjustment (COLA) in 2023. COLA in 2022 was 5.9%.)
- The Fed is addressing inflation by increasing the Fed Funds rate from .25% to .5% (could be 1.9% by end of 2022 and 2.8% by 2023). They are also reducing their investment in bonds. This could cause mortgage rates to rise.
- Higher mortgage rates mean buyers pay more per month for their home loan & can therefore afford less home. This may move buyers off the fence to lock in a mortgage rate before interest rates go higher; further increasing demand.
- There is still a shortage of homes for sale. Short term, prices are expected to continue to rise in the single digits. Views are mixed on the longer term implications on home prices.
- If you are thinking of buying or selling, now could be the best time given rising interest rates for buyers and potentially lower demand for sellers' homes.

Q&A

- 2 men referenced a camera at Central Park...said a lot of activity there. Officer Zanders said there are running gun battles...don't walk in alleys; park in well-lit areas. There is an uptick in gang conflicts at Drake and Anslie and Sunnyside and Central Park. Police have recovered 12 guns and there have been 4 or 5 arrests.

- A neighbor reported there had been several recent incidents in West Walker; man with a gun at Hamlin and Irving; armed carjacking at Elston & Berteau; a person shot at Walgreens. Officer Zanders said he would report back.

Call 911 to report suspicious activity or individuals in your neighborhood and provide detailed descriptions of the individuals and vehicles involved in any incident. Even if a neighbor has already reported the incident or activity, other neighbors should make separate calls. The police rely on the number of calls for service in determining the allocation of officers to a district. The next meeting will be on Wednesday, April 20 at 6:30 pm at the 17th District Community Room, 4650 N. Pulaski.

Recap Public Safety Meeting, Independence Park Field House, 2/28/22

Excerpted notes shared courtesy of Lynn Ankney, Old Irving Park Association Treasurer

Alderman Gardiner welcomed residents, assured attendees the meeting would allow for Q&A, and then provided an overview of the two recent events which prompted this particular meeting.

1st incident (info provided by Ald. Gardiner): 4272 W. Irving Park Road (aka former Java Thai), 2/20 (early Sunday morning), R&R Events is the listed business. An argument at an event resulted in 3 people being shot. No fatalities. Response: CPD still investigating, but no arrests yet. The city's Department of Buildings shut the store front down later that same day (Sunday 2/20/22).

2nd incident (info provided by Gardiner with additional commentary by one of the two attacked persons): Attack on Old Irving Park residents, 2/17 on Irving Park Road near Avondale and Keeler in the afternoon around 4 pm. (Update: a person has been arrested since the writing of these meeting notes).

Commander Alexa: New 17th District Commander Michelene Alexa has 31 years with CPD and has experience across the city, including serving in the tactical unit of the 17th District. The Commander provided two tips: (1) Neighbors can serve as "Court Advocates", a process whereby the community stands with victims at hearings in order to show support; (2) Residents know when something doesn't look right. Call CPD with concerns.

Chicago Department of Buildings Commissioner: Matthew Beaudet Beaudet is an Old Irving Park resident and personally shut down the 4272 W. Irving Park storefront following the 2/20 event. His team works to shut down illegal businesses and often have to return multiple times to "catch them in the act."

Business Affairs and Consumer Protection: Joseph Sneed Sneed works with a task force that works nights Thursday through Saturday. They have a team of inspectors who look at buildings and business licenses, which can be found online. Residents can look up what a business is licensed for and then compare it to what you're observing.

17th District Officer: CPD has a new program whereby residents can hook up their outside cameras to the 911 system. To learn more, google OEMD Private Camera Initiative or call 312-746-9111.

Take-Aways:

1. Pop up party places are everywhere in the city (not just NW side) and have been exacerbated by Covid.
2. Suspicious store front? Contact your Alderman, 911, or email Joseph Sneed of BACP directly: joseph.sneed@cityofchicago.org
